WHERE'S THE REST OF THE MENU?

We currently have a reduced team of chefs in our kitchen and have had to slimline our menu as a result.

We have been sure to keep our most popular dishes and we still ensure that everything, including all our baked goods, are made in our kitchen.

Sorry for any disappointment.

VEGAN?

We can adapt some of our dishes to make them suitable for a vegan diet. If a dish has this symbol, please ask how we can alter it for you.

GLUTEN INTOLERANT?

We proudly bake all of our bread in-house including our gluten free loaves. Due to the higher cost of ingredients, when asking for gluten free bread with your meal, we add on £1 per slice. Please note our gluten free bread contains nuts.
